GLOBAL VISION

DIGITAL-PAGE™

DIGITAL ARTWORK COMPARATOR

WHAT YOU SEE IS NOT ALWAYS WHAT YOU GET

DIGITAL-PAGE™

The DIGITAL-PAGE™ is a break-through in "artwork" inspection systems. It is designed for proof-reading electronic graphic files. Differences in electronic artwork files can now be compared for revision changes and errors under Macintosh or IBM applications!
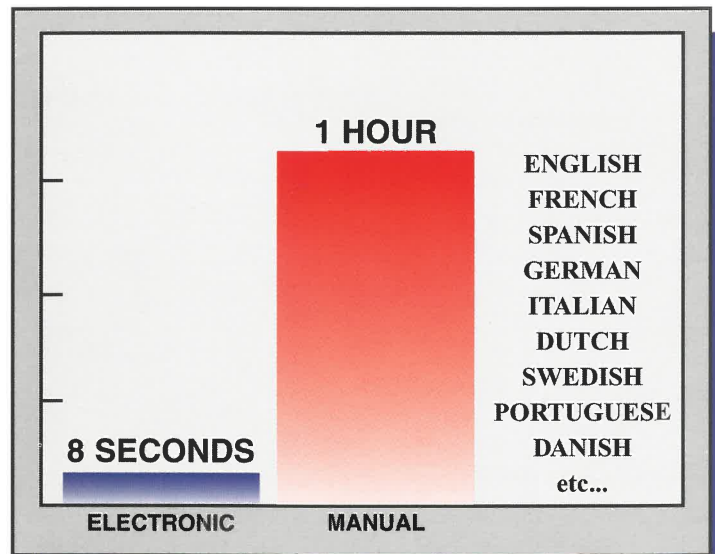

ARTWORK INSPECTION

- Macintosh or IBM Files
- Quark-Xpress Files
- Adobe Illustrator Files
- Pagemaker or Freehand Files
- ...and many others

ADVANTAGES

- Inspect file changes/revisions in seconds
- Find errors between screen & printout
- Avoid conversion errors from printing
- Avoid costly mistakes
- Connects to networks

INSPECTION TIME

1 HOUR

8 SECONDS

ELECTRONIC   MANUAL
